Young Air Hero Awarded V.C.

Eighteen-year-old Sergeant John Hennah, left, has been awarded the Victoria Cross for his action in fighting and extinguishing a fire in the gun turret, cockpit of a plane piloted by Pilot Officer Connor, right, after the new gunner had bailed out. After extinguishing the blaze, Sergeant Hennah discovered the navigator had also bailed out, so he took over his duties and helped Connor bring the bomber safely home. Pilot Officer Connor was awarded the D.F.C.

Guns Of London Hurl Challenge To Night Raiders

Heaviest Anti-Aircraft Batteries Go Into Action As Germans Follow Up Day Attacks On Capital

LONDON, Oct. 25.—(CP)—London's heaviest anti-aircraft batteries thundered an evening challenge to Nazi air raiders striking with persistence tonight on the heels of a hard day attack in which formations of 20 to 100 planes hammered at the capital.

NAZIS PLANNING DEFENCE AGAINST LAND OFFENSIVE

LONDON, Oct. 25.—(CP)—The Daily Mail reported today that a Berlin radio broadcast had disclosed that German troops were being led up to a newly completed gun emplacement in France. It quoted the broadcaster as saying that guns of heavy calibre are used to defend the coast as the German high command are anxious to do everything possible to secure the German-occupied coast against any possible landing and attack by the British.

The defence forces were kept constantly busy during the day as the raiders dealt out one of their heaviest attacks, smashing street cars and buses in busy thoroughfares and destroying shops and stores.

One bomb crashed between street cars, wrecking them and killing and injuring more than a score of persons. Other explosives hit behind the street cars, damaging a third street car. A bus was wrecked.

Other high explosives struck near a police station, wrecking heavy structures, and near an air raid shelter, leaving many injured in the shelter.

The Nazi raiders stabbed twice at London in quick succession during the forenoon after a comparatively quiet night.

The third alarm of the day came near midnight.

The fourth morning sky was clouded with anti-aircraft bursts as formations of the German air force sent the capital's defences into action.

The wall of the sirens sounding all the clear after the first raid at the hour had hardly died away when another alert shrieked through the city. The second all clear sounded not long after but ground guns still could be heard in the darkness.

A number of persons were caught in debris in London and rescue squads laboured to free them.

Marshall Sir Philip Joubert, taking official note of the gossip that in greater numbers than in the past several nights, the anti-aircraft guns were active over the city last night.

The Press Association said about 100 raiders in all, believed to be fighter-bombers, crossed the coast in today's raid.

The Air Ministry said 12 German planes were destroyed in the day's battle, while eight British fighters were lost, the pilots of four of them bailing out.

Italian Leader To Meet Petain Duce To Enter Europe Talks On 'New Order'

German Foreign Office Silent On Conference Between Hitler and French Chief Petain On Thursday

VICHY, France, Oct. 25.—(AP)—Marshal Philippe Petain returned at 7:30 p.m. (11:30 a.m. M.T.) from his conference with Hitler and went directly to his office in the Government hotel.

BERNE, Switzerland, Oct. 25.—(AP)—Diplomatic sources here said today a meeting between Mussolini and Marshal Petain and another conference between Mussolini and the Italian foreign minister, Count Ciano, might lay the groundwork for a Munich-Petain meeting.

Reports reaching Berne by diplomatic channels despite the secrecy maintained by Berlin and Vichy said the Italian premier might meet the French chief of state on the border of the small Italian-occupied zone of France just as Petain met Hitler yesterday in a border zone.

Some diplomats believe that conversations between the French premier, Pierre Laval, and the Italian foreign minister, Count Ciano, might lay the groundwork for a Munich-Petain meeting.

By LOUIS F. LOCHNER
Reims, Oct. 25.—(AP)—Authorized German sources said today the meeting between Hitler and Marshal Petain of France is "new evidence that we are trying to get Europe back on her legs under Axis leadership and independent of exterior influences."

Asked to define these "ramifications" influences (those not indigenous to the European living space), the same sources said: "For the present it is England."

The foreign office was silent on details of the Hitler-Petain conference, or even the subject, disavowing by two chiefs of state.

2 MEN KILLED IN AIR FORCE PLANE IN EAST

LAKELAND, Ont., Oct. 25.—(CP)—Two men drowned in civilian clothes were killed today when their plane, believed to be a Royal Canadian Air Force machine, crashed in the bush five miles south of this town.

The plane, which was seen missing down in miles east of Kirkland Lake.

An air force plane was found in the wreckage of the plane but there was nothing to identify either of the men.

Force officials at Camp Borden said two Harvard training planes left Winnipeg early today for an Ontario base.

Neither machine had been reported by mid-afternoon but neither had there been any word that either of the planes was in difficulty.

German Children Being Moved From Berlin, Hamburg

BERLIN, Oct. 25.—(CP)—Sixty-two thousand school children under 16 years of age have been transported from Berlin to escape recent losses of sleep because of Hitler bomb raids, and Nazi party officials said today another 30,000 are to be removed from the city.

The same sources announced that 42,000 children had been removed from Hamburg.

U.S. PREPARED TO TAKE OVER FRENCH AREAS

Action Will Depend On Vichy Policy Following Nazi Conversations

WASHINGTON, Oct. 25.—(AP)—The United States, acting in cooperation with other American republics, was said today Thursday night to have plans ready for occupying French territory in the Caribbean area in case such a step is deemed necessary from the viewpoint of defence of the western hemisphere.

Signs of possibly closer cooperation between France and the American powers were noted in interest here. The talks of Hitler with Marshal Petain and vice-Petain were watched closely for any indication of a new trend in French policy which might affect France's colonial empire or its fleet.

WIDE LATITUDE
The broad terms of the recent act of Havana allowed wide latitude to the American republics in determining the circumstances under which French or other European possessions in the western hemisphere might be seized.

It provided for emergency action where one of these areas was in danger of becoming the subject of a transfer of territory or change of sovereignty.

The fact the French ambassador to Washington, General Henri Hoy, said an unexpected visit to the United States was being made was taken as an indication of the concern felt by United States officials of the possible course in French policy.

It was reported the envoy was Continued on Page 2, Col. 4

RUSSIANS HAVE DELEGATES AT DANUBIAN MEET

BUCHAREST, Oct. 25.—(AP)—Russia, German and Italian delegates arrived here today for a meeting of an international commission named to regulate traffic on the lower reaches of the Danube.

The commission, created recently in Vienna, at first did not include Russia, but Moscow, protesting its isolation on representation since the Danube is a major artery of the Balkans, secured its inclusion.

Navigation and technical experts accompanied the delegates, who will meet Russian commissioners.

It was the first time that Great Britain, Germany, members of the former international commission, were not represented at a Danubian conference.

U. K. DESTROYER SUNK BY MINE ADMIRALTY SAYS

LONDON, Oct. 25.—(CP)—The admiralty announced tonight the death of a British destroyer, victim of a German mine, while en route to a German torpedo boat and an Italian supply ship by British forces.

The submarine Swordfish was credited with the sinking of the Italian supply ship, a 1,000 tons was credited to the Regent.

Several destroyers were cited as "victims" of the continuous pressure which British naval forces maintain on colored communications in enemy waters.

The Canadian ship Force Canada, identified as the Venita, 1,500 tons, was identified in 1911 and carrying a normal complement of 124 men.

Canadian Pilot Killed Overseas Japanese Envoy Reaches Moscow

OTTAWA, Oct. 25.—(CP)—The Ottawa Canadian Air Force casualty list No. 17, issued today, reported the death in a flying accident overseas of P. George Fellows, member of St. John's, N.B., raising the number of R.C.A.F. dead and missing since the war started to 24.

OFFICERS ARE RECALLED FOR 3RD DIVISION

Capt. W. S. Zeigler, Capt. J. W. Proctor, City Men, Promoted

OTTAWA, Oct. 25.—(CP)—More officers from Ottawa are being recalled to assume senior posts in the 3rd Division according to a series of announcements from the department of national defence.

The 3rd Division, under command of Maj. W. J. McGill, has been assigned to the defence of Canada's eastern coast under the Atlantic Army command.

Previous appointments, including that of the command officer, brought men with overseas experience either in the 1st Division or at Canadian Military Headquarters in London to the 3rd Division.

Heavy Damage Caused During British Attack

Dozen Of Vital Centres In Reich Are Hit By Bombers Attacking In Many Waves During Great Assault

LONDON, Oct. 25.—(CP)—Britain's fiercely sustained air offensive blasted at the foundations of German war power last night with squadron after squadron of heavy bombers delivering destruction not only in Berlin and Hamburg but in a dozen other vital centres as well.

The air ministry news service said that the British fliers, in an attack on Berlin lasting nearly three hours, came down low to make sure of their targets and smashed the Pullitz-Strasse and Lohrer railway stations for the second night in succession in this, the twenty-third raid on Berlin.

(The number of killed in Berlin and Hamburg was "extremely high," said a German broadcast heard in New York.)

The German capital was completely overcast, with clouds extending from 12,000 to 4,000 feet and this forced the R.A.F. bombers to come down to a "considerably lower level" than in most of their raids.

ATTACK RAIL YARDS
The first wave of raiders reached Berlin just after midnight and attacked the railway yards with salvos of high explosive bombs which did the "extensive damage" inflicted the previous night, the news service said.

A second wave of bombers then hit the same targets half an hour later.

Still others started a "huge fire" on another military objective and started succeeding waves which crossed and recrossed the city for the second time.

Visibility poor
Gone to the clouds but later made it possible for the bombers to attack from a higher level, "somewhat easier," he maintained, the news service said.

"Four visibility in all areas hampered detailed observation of the damage done, it added.

The ministry said all plants, docks, shipping facilities, rail communications, gas works, power stations and German airfields were hit in other parts of Germany and German-occupied territory.

Communications announced docks and shipping, oil plants and a power station were also hit, indicating that important ports were a major objective in the night's raid.

ONE PLANE LOST
Oil plants at Hanover and Gelsenkirchen and docks and shipping at Cuxhaven, Bremerhaven, Wilhelmshaven, Rotterdam, Le Havre and London were also mentioned as being damaged.

Another transfer from the 3rd Infantry Brigade overseas to the 1st Infantry Brigade overseas was announced.

Rangers Score Easy 7-1 Win Over Americans To Take Lead In Series

Bonus Promise Spurs Blake To Hunt Points

ST. HYACINTHE, Que., Oct. 25.—(CP)—A piece of information for the netminders in the National Hockey League to mull over is that Hector (Toe) Blake, ex-sniper of Montreal Canadiens, intends to gun for the group point-scoring championship this season with a vengeance.

Blake has been promised a \$100 bonus if he makes the Canadian Press All-Star team this season and the left wing star considered the most certain way to attain this goal, considering he has managed for the past two seasons, to win the individual championship.

The talks about his chances quickly but confidently, readily admitting the difficulties.

Here is what Blake says about the best side of things.

"I won the league scoring title two seasons ago. How many men ever win it more than once?" Maple Leafs did it twice in a row when he was with New York Americans and Howe Moresco certainly may have done it. But then everything isn't a blow.

"There isn't a certain amount of luck attached to it all. You have

to go through the entire season without injury. In addition, maybe some young fellow will come along and smash in goals all over the place this time.

Blake figures his hardest fight for the left wing spot on the All-Star team will come from Billy Dumas or Ray Casanova, both of Boston Bruins.

Here is what Blake says on the credit side.

"I'm back playing with Paul Haynes at centre and has one of the best defences in the league. Last season I had five different centres and four left wingers. It's pretty hard to get going under those circumstances.

"Next year this line seems to be settled with Haynes at centre, Al J. Bennett at wing. Al Bennett has to do a job in a few goals and it will be a big help to me. If he does that then the opposing line will have to pay less attention to me."

SASKATOON, Oct. 25.—(CP)—New York Rangers, featuring a clever passing attack and smart goalkeeping by Dave Kerr, marked up an easy 7-1 victory over "Red" Dutton's rebuilt New York Americans in a pre-season exhibition hockey game here Thursday night before 4,300 fans.

The victory for the world champion Rangers gave them a 2-1 lead in their exhibitions. Previously each team had won by a 2-0 score in games at Winnipeg and Regina.

The Rangers scored their goals in the first period. Neil Colville, Babe Pratt and Bryan Hextall each scored twice for the winners. Billy Bensen, the former Winnipeg Maroons, who turned professional this fall, accounted for the Americans' lone counter on a neat play of stickhandling.

Two of the Rangers' first period goals, those by Pratt and Neil Colville, were scored while the Americans' "old line" of Bensen, Bill Wenden and Sime Allen were on the ice. The other first period counter came while Buss Bell, Johnny O'Flaherty and the veteran Johnny Seel were on the ice.

Neil Colville scored his second goal of the night early in the third. The Rangers scored once in the second period while Mike Patrick was in the goal. Bensen had the score on a pass from Phil Watson. Patrick's penalty was given for dumping Tommy Anderson in front of the Rangers' net. He was given a 5-minute suspension and awarded a penalty shot but Kerr easily handled Charlie Conacher's drive.

In the third period, Watson scored unassisted and Pratt tallied on a relay from Neil Colville.

The teams continue the series at Regina Saturday night.

Toronto Leafs Will Open Play Without Any Major Alterations

ST. CATHARINES, Ont., Oct. 25.—(CP)—When you're riding a winner the tendency is to stand pat, which is no doubt explains why Conn Smythe has made so few changes in his Toronto National Hockey League club this year. The Leafs haven't won the Stanley Cup in eight years but they came so close last year they could see their reflections in it.

Smythe got a new coach—Chick McClellan—last year, but he didn't change much else. The Leafs' defence is still the same, as is the club's goal. The Leafs' defence is still the same, as is the club's goal. The Leafs' defence is still the same, as is the club's goal.

age 31, six feet tall, weighs 178 pounds, has a complexion, blonde hair, blue eyes, reddish-bald beard, and a mustache. He and Richard Engel, 31, five feet 11 inches tall, weighs 165 pounds, fair complexion, blue eyes, and a mustache.

An intensive hunt is now under way over a wide area, with military police, RCMP, and the Mounted Police, forest rangers, game wardens, and volunteers, aided by an RCAF helicopter.

Both are dressed in the distinctive paramilitary — blue-green camouflage uniforms with large red and white stripes on the sleeves of the tunics, red stripes on the front, and red stripes down the sides of the trousers.

Both men speak good English, and claim United States citizenship. Military authorities in Calgary believe the two are high-ranking members, and attempt to reach the international border.

Bowman's appeal from his conviction for the murder of R. Howard of Hastings stole bonds valued at \$8,000, constituting the life savings of the late James Marshall of this city.

Bowman was convicted in February, 1937, of having victimized Marshall, the brother of the four-year term imposed by Mr. Justice Howden. He was postponed until his appeal could be heard. He was allowed his freedom on bail pending the hearing.

Meanwhile, he enlisted in the army and was sent to Quebec for training. He appeared in Edmonton last week to present his appeal. He was allowed his freedom until today in Calgary.

Australia Gets Offer Of Planes Thailand ordered

SYDNEY, Australia, Oct. 25.—(AP)—An American agent arrived here today offering to sell the government of Australia a number of new wealth a number of fast fighter dive-bombers and intermediate training planes which originally had

How the man escaped is not known, but he had been about one a.m. He speaks perfect English but with a slight accent.

The prisoner, Carl Rabe, a medical officer believed to be a member of a submarine crew, was brought from a northern Ontario internment camp three weeks ago to undergo treatment. However, by dietary means his trouble was remedied without an operation and he was released yesterday to his internment camp yesterday.

Ottawa Confidential

Of Early Capture

OTTAWA, Oct. 25.—(CP)—Internment operations authorities released today a report suggesting the chances of recapturing two internees who escaped yesterday from an Alberta internment camp.

The report, which one official said

CROSS FUNDS IS SAID SUCCESS

TORONTO, Oct. 25.—(CP)—Headquarters of the Canadian Red Cross here today announced that the province has raised \$1.5 million in the society's campaign for the Red Cross. The campaign has now reached \$4,832,146. This figure does not include Alberta, where the campaign was postponed to meet local conditions.

Other provinces which have exceeded their targets are: Prince Edward Island, \$23,000; Nova Scotia, \$10,000; New Brunswick, \$10,000; Quebec, \$1,190,000; Ontario, \$2,363,240; Saskatchewan, \$1,000,000; Manitoba, \$100,000; and British Columbia, \$300,000.

SPANIARDS FARE

The United States government refused to allow delivery of the planes and ordered some which were in transit removed from ships at Manila.

Minister A. W. Madden will submit the offer to the war cabinet. The machines are faster than any at present in Australia and are apparently better suited to the commonwealth's needs.

**Lord Beaverbrook
Praises Workers
For Great Spirit**

LONDON, Oct. 25.—(CP)—Lord Beaverbrook, minister for aircraft production, praised today the workers in an "important industrial firm" in northwest England who volunteered to continue working even when rationing posters urged "danger imminent" during air raids.

"There is the spirit which makes our victory certain," the minister said in a statement.

[illegible][illegible]

He added that the search through thick bushes in the foothills country above the camp was "very great."

Last night internment authorities said the two men "at large in Alberta" would be "picked up quite easily."

An official said the camp from which they escaped had a definite setup to deal with such incidents and added that all routes of escape are cut off at once by setting up a wide-spread guard in the form of a circle around the internment camp.

MADRID, Oct. 25.—(AP)—The controlled press today called Spaniards to unite about Franco and await the outcome of his meeting with Hitler.

"There is only one feeling among Spaniards, including those who are enlisted on opposing sides of the war—absolute confidence in the Generalissimo," said the *Avance* of Madrid.

"Whoever El Caudillo (the leaders) orders a tactic to follow will do so, and that will be to the mutual vital interest of the country to win."

Said El Alcazar:

"Spain is beginning to reap the fruits of her bloody and generous sacrifice."

Asleep In The Deep

As raiding German flyers drone overhead these children sleep in hammocks along between the rails of the underground railroad between Alway and Holburn, which has been taken out of service to provide safe shelter for Londoners during air raids.

Off To Orient To Evacuate Americans

A view of the SS Washington as she pulled out from her New York pier, bound for the Orient to bring home Americans from far eastern danger zones.

If Leather Isn't Scarce Then Why Wooden Shoes?

This German factory is turning out wooden soles to offset the apparent shortage of leather throughout the Reich. The Nazi said this was formerly a toy factory—but what time have little German boys now to play with toys. In future they can goose-step in these non-ice-comfortable wooden shoes.

Field Kitchen On London Roof

Chef Purkes sampling one of the meals he prepares in the field kitchen on the roof of a well-known London store. Despite the interruptions of air-raid alarms, Chef Purkes is preparing lunches for hundreds of the store's customers. He whips up a four-course meal in this improvised kitchen.

Mercy On Wings

Soldiers pose as "strutcase" as the U.S. army's new "flying hospital" is demonstrated at Bolling Field, Washington. A converted passenger transport ship, the plane carries 12 beds, a doctor and nurse, and is the first of a new aerial ambulance corps now being organized.

Prime Minister Congratulates The Navy

Visiting eastern defense stations, Prime Minister King took the opportunity to congratulate the officers and men of Canada's navy on their splendid work. He is shown here inspecting the officers of a destroyer at anchor in an eastern port.

New Governor

R. F. McWILLIAMS, of Winnipeg, has been named Lieutenant-Governor of Manitoba to succeed Hon. W. J. Tupper. Mr. McWilliams will take office Nov. 1.

New Freight Chief

GEORGE R. FAIRHEAD, who has been appointed general freight traffic manager, Canadian National Railway, Montreal, succeeding the late R. J. Foran.

"Miss All-America"

Dancer Mary Parker, pictured above, is the real "Miss America," declared Max Factor, Jr., Hollywood beauty expert, who compiled measurements from hundreds of photos taken over a jet-coast period. According to Factor, Miss Parker's complexion, facial structure and measurements most closely represent the beauty average of the American girl, whether she be shapely, curvy or demure.

Royal Air Force Systematically Pounding Nazi Industrial Areas

Roasting cities: Berlin and Bremen, German, munitions and railroad centers. British bombers have inflicted heavy damage on these vital Nazi centers. Reversal observers report that the already pounding Luftwaffe German industrial districts by the Royal Air Force have inflicted great damage and materially slowed up the German production of war materials.

American Squadron Of R.A.F. Anxious For "Crack" At Nazis

Leader of the 54 Americans who have formed the Eagle Squadron, which will soon take the air against the Nazis: William Edwin Taylor is pictured, left, wearing his Royal Air Force uniform. Three of the Eagle Squadron, which will carry on its operations out of Ladbroke Grove, are shown, right, studying a map before going aloft. They are John Butler Aire, of Milwaukee, Oliver Garfield Holton, of Lakewood, Ohio, and Charles Edward Holman, of San Gabriel, Calif. The Americans are at present undergoing training in England.
